

Tremont Community Unit School District  
400 W Pearl St. Tremont, IL 61568

Dear Parents:

This summer, launch your child's imagination! Camp Invention is coming to Tremont Grade School June 12 - June 16, 2017 from 9:00 a.m. to 3:30 p.m. We're proud to be hosting this nationally acclaimed summer enrichment program for students entering K – 6<sup>th</sup> grades.

Qualified educators from our school district will be facilitating the program as children work together to seek solutions to real-world problems and sharpen critical 21st-century learning skills while rotating through several fascinating modules:

- In the **Duct Tape Billionaire™** module, children design products that they can market and sell. They explore how to create duct tape accessories and then put their own patented spin on them.
- Children build and take home their own high-tech Bubble Blaster, complete with flashing lights in the **Have a Blast™** module. They engineer an enormous cardboard castle, design "snowball" throwers, make a giant air cannon, launch water rockets, and fling rubber chickens.
- In **Mission Space Makers™** participants are on a mission to locate and prepare a new planet for human habitation. They set up a Space Lab to hatch eggs, sprout living plants and grow crystals.
- Finally, children will love the all time favorite take apart module **Operation Keep Out™**. They will take apart machines and devices and use their parts and pieces to create their ultimate Spy Gadget Alarm Boxes to help millions of children keep their treasures secure.

The regular cost for attending is \$225 for the week, but if you register by May 1<sup>st</sup> you can save \$15. Additional discounts are available for families with more than one child.

Although Camp Invention is new to us, it's been around for quite awhile. Created by the National Inventors Hall of Fame, the program has been inspiring children since 1990. Currently offered in 49 states at approximately 1200 locations, parents and educators rave about it, giving it an approval rating of more than 90%.

You can learn more by visiting their website [www.campinvention.org](http://www.campinvention.org) and you can get a glimpse of what our campers will experience this summer on Camp Invention's YouTube page at [Camp Invention Launch](#).

Don't miss out on this summer's LAUNCH adventure at Camp Invention! [Click here](#) or contact Customer Service at 800-968-4332 to secure your spot today.

Sincerely,

**Steve Verdun**
