Monthly Business Spotlight

Heritage Farmer's Market and Black Angus Café

Location: 20235 Illinois Rt. 9, Pekin, IL 61554

Hours: Store M-F 11:00-6:00, Sat 8:00-4:00; Café M-F 11:00-2:00, Sat 8:00-3:00

The Heritage Farmer's Market is conveniently located right off Route 9 as you head west out of Tremont towards Pekin. Here you can purchase locally raised Angus beef, pork, poultry, eggs, milk, honey, pickles and preserves. You will also find bread, pasta and seasonal produce. If you are looking for gluten free items, you can find them here at the Heritage Farmer's Market. While you are shopping, enjoy lunch at the Black Angus Café! The café serves lunch Monday through Friday. On Saturdays the café opens early for breakfast and lunch.

Heritage Farmer's Market and Black Angus Café has been in business since 2005. Surprisingly, there are no employees, rather dedicated vendors who like to help. The café's warm, homey atmosphere is enhanced by meals prepared using the meats, dairy and eggs sold in the market. During the growing season, fresh produce from the market is also incorporated into the menu. You can keep up to date on the latest products, events and farm life by following their Facebook pages: Heritage Farmer's Market and Heritage Farmer's Black Angus Café.

Camp Invention

This summer, launch your child's imagination! Camp Invention is coming to Tremont Grade School June 12 - June 16, 2017 from 9:00AM - 3:30PM. We're proud to be hosting this nationally acclaimed summer enrichment program for students entering K - 6th grades.

Qualified educators from our school district will be facilitating the program as children work together to seek solutions to real-world problems and sharpen critical 21st-century learning skills while rotating through several fascinating modules:

- In the Duct Tape Billionaire™ module, children design products that they can market and sell. They explore how to create duct tape accessories and then put their own patented spin on them.
- Children build and take home their own high-tech Bubble Blaster, complete with flashing lights in the Have a Blast™ module. They engineer an enormous cardboard castle, design "snowball" throwers, make a giant air cannon, launch water rockets, and fling rubber chickens.
- In Mission Space Makers™ participants are on a mission to locate and prepare a new planet for human habitation. They set up a Space Lab to hatch eggs, sprout living plants and grow crystals.
- Finally, children will love the all-time favorite take-apart module Operation Keep Out™. They will take apart machines and devices and use their parts and pieces to create

their ultimate Spy Gadget Alarm Boxes to help millions of children keep their treasures secure.

The regular cost for attending is \$225 for the week, but if you register by May 1st you can save \$15. Additional discounts are available for families with more than one child.

Created by the National Inventors Hall of Fame, the program has been inspiring children since 1990. You can learn more by visiting their website <http://www.campinvention.org> and you can get a glimpse of what our campers will experience this summer on Camp Invention's YouTube page at Camp Invention Launch.

Don't miss out on this summer's LAUNCH adventure at Camp Invention! Contact Customer Service at 800-968-4332 to secure your spot today or click on the following link to register: <https://inventnow-web.ungerboeck.com/programsearch/moreinfo.aspx?event=18945>
