Are you thinking about building a home or doing a remodel project? If you want to hire local, contact Roger Stuber Builder, Inc! The business was founded in 1977 by Roger's father, Kenneth, and purchased by Roger in 2005. With eight employees, the services they provide include design and build, new homes, room additions, decks and pergolas, and remodeling - interior, exterior, kitchens and baths. Roger Stuber Builder, Inc operates two construction crews which are overseen by Roger and the project manager, Chuck Mathes.

Did you know that Roger Stuber hasn't always worked construction in Tremont? "My first major building project was actually in 1971 when, along with my father, we constructed a 50' x 280' chicken house, building all of our own roof trusses on site. In 1976 I went to Papua New Guinea and built 16 homes, churches, schools, and medical clinics by 1980. All the wood was produced on-site with our own portable sawmill. I started working with my father, Ken, again in Tremont in 2001 after spending 17 years as a missionary pilot flying in Irian Jaya, Indonesia."
